PROJECTS

Weather Web App

2023

A weather web app is a type of web application that allows users to get information about the weather in real time. These apps typically use APIs (Application Programming Interfaces) to retrieve weather data from the Open weather map.

Tech stack:

HTML, CSS, JavaScript, API, Netlify, Github.

Todo-List

2023

A to-do app project is a software application that helps users manage their tasks and to-do lists. The app typically allows users to create tasks, Edit, categorize tasks, and Delete when they are finished.

Tech stack:

HTML, CSS, JavaScript, Netlify, Github
